# Welcome to our happy School !

## IPS Vision

IPS vision is to nurture visionary leaders and proactive world citizens committed to work for world peace & unity.

## IPS Mission

At Inspiration, we are committed to providing a positive, safe and stimulating environment to children so that they enjoy their learning, achieve their potential and become independent life long learners.

## Background

Inspiration Public School started its voyage in July 1999 with barely 53 students. There has been a remarkable rise in student strength since then. The school has made its mark in the domain of academics, sports, scholastic as well as co-scholastic activities.

IPS is a co-educational day school under the management of Inspiration Public School Society registered under the Act of 1860. A relentless quest for excellence, an insatiable thirst for knowledge and limitless craving for latest are the hallmarks of this institution.

"We are a continuum. Just as we reach back to our ancestors for our fundamental values, so we, as the guardians of that legacy must reach ahead to our children!"

## INSPIRATION SENIOR SECONDARY SCHOOL,

a seat of learning is the realization of a dream of a visionary, a leading educationist and founder of the school Late Shri N.C. Balutia whose experience of almost four decades had vested him with dynamism which is extraordinary as well as revolutionary. His ideas have taken the shape of reality through ever zealous enthusiasm and untiring efforts of an efficient and diligent team dedicated to the cause of child education.

**Late Shri N.C. Balutia**  
(1935-2012)

# Inspire to Enlighten...

Inspiration is committed to academic excellence, intellectual growth, high standards of ethical awareness, sportsmanship and community service. The school's traditions and accessibility to a broad curriculum adds depth to each student's life.

The school upholds the founder's commitment to excellence in all fields, with emphasis on its motto 'Inspire to Enlighten'.

The school considers education to be a life-long process which should have a strong foundation. The school is committed to the less privileged segments of the society such as the children facing difficult financial circumstances.

Our unique approach to prepare a child begins with the fundamentals of learning. IPS recognizes some students learn best by reading, some through actual experience and some by pursuing deep interest. Every individual is blessed with the latent talent which is hidden, IPS team of experts strives to bring out and develop the hidden talent through involvement in various activities.

IPS seeks to discover and nurture the special gifts each student possesses, to deepen each student's understanding of the complexities of the world and to inspire each to utilise his or her full potential.

To sum up, the mission of IPS is 'to open doors and open minds and prepare the ground for the future of nation'.

**The three schools of humanity - home, school and community all have a measure of responsibility towards providing every child with good education. Every effort needs to be made to inspire "every child" to become both "good and smart" or "good" before "smart".**

**"We hold our dreams and ideals close to our hearts, where promises are made to the future generations!"**

## Chairperson's Message

A School is a building that has four walls with tomorrow inside. This is because the destiny of man is shaped in the class room of the school. Today's children will be tomorrow's citizen. Present education needs to make a holistic approach bridging the past, present and future requirements. At Inspiration we are committed to the pursuit of excellence. It is our goal to establish and maintain positive, friendly environment which focuses on the development of higher level cognitive skills, positive attitude and a co-operative spirit.

Our young people deserve the best quality of teaching and learning in a safe, happy, calm and disciplined environment. We expect the best from our students both in terms of work and behaviour in order to help them to meet their aspirations to be active and competent citizens of tomorrow. We seek to personalize their learning experience to seek their individual needs. Our ultimate aim is to groom the students in a comprehensive learning environment. It is our belief that with the co-operation of parents, students and staff our goals can be achieved. We look forward to the brightest future of our students at Inspiration.

**Dr. Geetika Balutia**

**"Real education is the one which draws out the best in the child."**

## Principal's Message

To my mind education as an idea, is not just about bricks ,mortar and concrete , but about building character , enriching minds and about varied experiences that last a lifetime.

INSPIRATION SR. SEC. SCHOOL's vision is to give the students the all round capability including creativity ,observation and knowledge empowerment leading to the generation of excellent ,performing citizens with sterling character.

We, at Inspiration Sr. Sec. School ,practice RICRAC behavior. The RICRAC acronym is used to remind students & parents "Responsibility, Integrity, Caring, Respectful, Academic and Cooperative". These values ,we believe ,will enable our students to take a leadership role in learning and in life.

There is a commitment to an integrated curriculum approach through inquiry learning. The development of higher order thinking skills, risk taking ,adaptability, cooperation, and communication techniques are fostered.

Inspiration Sr. Sec. School provide a platform to its students to showcase their inborn talents. We also take utmost care in moulding our children as responsible global citizen.

We, at Inspiration are committed to the improvement and growth of student community. We would like to see them soar to new heights and taste success in all their endeavors. We are convinced that the education's purpose is to replace an empty mind with an open one.

I expect sincere cooperation from parents and guardians for the attainment of school's objectives.

Anurag Mathur  
(Principal)

"Education is the kindling of a flame, not the filling of a vessel!"

## Aims & Objectives

The school aims at imparting a complete and quality education not only by the way of formidably high academic standards, but also by developing all faculties intellectual, physical and spiritual.

Our endeavour is to enable students to develop an analytical mind, intellectual curiosity, moral integrity, a strong sense of values, a disciplined life style and a feeling of companionship among students.

For a comprehensive all round development of personality, opportunities are provided to students via general and co-curricular activities. A highly qualified staff is there to supervise the academic and co-curricular activities. Parents are kept informed about their child's scholastic and co-curricular achievements.

Special emphasis is given to students for the holistic development of children. They are guided by best mentors to become a dedicated, devoted and a determined individual. Values of perseverance, team work, grit are inculcated amongst children by giving them opportunities to explore in sports, extracurricular activities, project work etc.

Education at Inspiration is taken beyond the confines of classroom making it a rich and creative experience for students.

Keeping in mind the goals of this institution, the motto of school is- "Inspire to Enlighten" as above said the school inspires to create better humans who are able not only to support themselves but also work for society and nations' welfare.

The major aim of the school is to promote quality education through English medium while keeping our rich Indian cultural heritage as the base.

"What sculpture is to a block of marble,  
education is to the human soul!"

# Global Education

It is a matter of immense pleasure that Inspiration Sr. Sec. School is conferred with International School Award under the flag ship of British Council.

ISA is a bench marking scheme that accredits schools as having an outstanding level of support for:

- Nurturing global citizenship in young people.
- Enriching teaching and learning.

It has a positive impact on not just the students, but also the teachers and school in entirety. It is a leadership challenge and fosters team building, innovation and project management.

Success depends on the strategies of planning. With the correct information and a little planning one gets empowered to take correct decision and prevent mistakes.

IPS emphasizes to develop the strategies of planning to achieve the goal of education globally.

As the world has become a global village, one should have an understanding of his own culture and be open to the culture of others so that positive and trusting relationship could be developed.

The students and teachers should adopt a global perspective because it offers an approach that takes into account the whole of human society and the environments in which people live. It emphasizes the future and the dynamic nature of human society. It enables each person to choose and shape preferred futures, provides an opportunity to explore important themes such as change, interdependence, identity, peace building, rights and responsibilities, poverty and wealth, etc. It enables one to develop positive and responsible values and attitudes, important skills, and orientation for active participation.

## Developing Spiritual Understanding

'Spiritual understanding combined with reason expands a child's ability to better perceive, empathize and comprehend' Human beings are endowed with spiritual capacities. An understanding of the spiritual, positive values and virtues provides individuals and societies with moral accountability, which is the basis of human integrity. A spiritual foundation, irrespective of a person's religion or values system, provides a deeper context to a child's activities, be they academic, physical, social, or in time, professional. Such a focus helps children develop universal values and virtues such as trustworthiness, compassion, humility, courage, kindness and patience in an effort to assist them to expand their ability to better

perceive, participate, experience, empathize and comprehend.

Spiritual understanding can combine with reason to transform rational thinking and material growth into a continuous stream of self-improvement and aid spiritual as well as material progress.

There is a natural connection between science and spirituality as two important and connected vehicles for the discovery of the world and its inner realities. Children need to get an education of both. Mere knowledge of ideals and principles is not enough; there is need to translate these ideals into action.

## Academics Curriculum & Examination

At our institution, we are committed to delivering excellence in education through the **CBSE curriculum**, offering a well-balanced blend of **academics, values, and skills** to nurture well-rounded individuals. Students can choose from **Science, Information Technology, Commerce, and Humanities** streams at the Senior Secondary level, preparing them for both board examinations and future academic pursuits.

### Comprehensive Subject Offerings

In **Class X**, students engage with a diverse set of subjects including: **English, Hindi, Mathematics, Science, Social Science, and Information Technology**, ensuring a strong academic foundation.

In **Class XII**, students have a wide array of subjects to choose from, including:

**English Core, Hindi, Physical Education, Informatics Practices, Physics, Chemistry, Biology, Accountancy, Economics, Business Studies, Political Science, History, Psychology, Sociology, Yoga, Artificial Intelligence (AI), Mass Media, Taxation & Banking.**

With the introduction of **Humanities** as an additional stream, students now have the opportunity to explore subjects that foster **creative expression, analytical thinking, and socio-cultural awareness**, opening doors to careers in **law, media, public service, social sciences**, and beyond.

### Aligned with NEP 2020

In keeping with the **New Education Policy (NEP 2020)**, our curriculum emphasizes:

- **Strong foundational literacy and numeracy skills**
- Encouraging students to pursue **deeper learning**

based on their **interests, strengths, and aspirations**

- Providing flexibility to explore **multi-disciplinary learning pathways**
- Ensuring holistic development through a blend of **academics, values, life skills, and creative pursuits**

This student-centric approach nurtures **critical thinking, adaptability, and lifelong learning**, empowering students to become self-motivated learners ready to excel in a rapidly changing world.

### Building Global Communicators

As part of our commitment to developing **global citizens**, students are encouraged to master effective **communication skills** through **multilingual exposure**.

Our language offerings include:

- **Third Language: Sanskrit**
- **Foreign Language: French**

In addition to English and Hindi, these language options provide students with the opportunity to develop linguistic versatility and a global outlook.

### Technology-Driven Learning

Recognizing the role of technology in modern education, **Computer Education** is seamlessly integrated into the curriculum from **Class I to Class XII**. Students gain hands-on experience with **digital tools, computational thinking, and essential IT skills**, equipping them to confidently navigate the technology landscape of the future.

### Value-Based and Holistic Education

Alongside academics, **Value Education** and **General Knowledge enhancement** form integral parts of our curriculum, nurturing ethical values, social awareness, and a spirit of inquiry in every learner.

This well-rounded, future-ready curriculum ensures our students not only excel academically, but also emerge as **compassionate, confident, and responsible individuals**, prepared to contribute meaningfully to society and the world at large.

# School

## Amenities

The school has a spacious, very well stacked open shelf library cum resource centre designed to encourage children to develop an interest in variety of subjects and to allow the facility of research and in depth study. Well equipped laboratories provide excellent facilities in Physics, Chemistry, Biology, Computer Science & Astro Lab. In this modern era it is very essential for all students to be computer savvy, Computer Science is therefore a compulsory subjects till class X. The school makes extensive use of Audio-visual teaching aids including internet and multimedia. There is great emphasis on project work and students are encouraged to use the library and carry out reference work. Independent thinking and learning through discussion and group activities is encouraged.

### E-Learning (Interactive Digital Classes)

The school has introduced BenQ 75" interactive panels in 23 class rooms from the session 2022-23. Education becomes an extremely puzzling word that teachers, students and parents strive hard to overcome these challenges. School provides 360° new age digital education solutions through smart learning classes in such a way that it holds the interest of the student and helps him to understand the concept better and directs him towards HOTS (High Order Thinking Skills) that in turn results in scoring extra marks. Computer based training and workshops make teaching and learning more effective and simpler. It acts as a support bridge between the school and home.

### E-Care Services

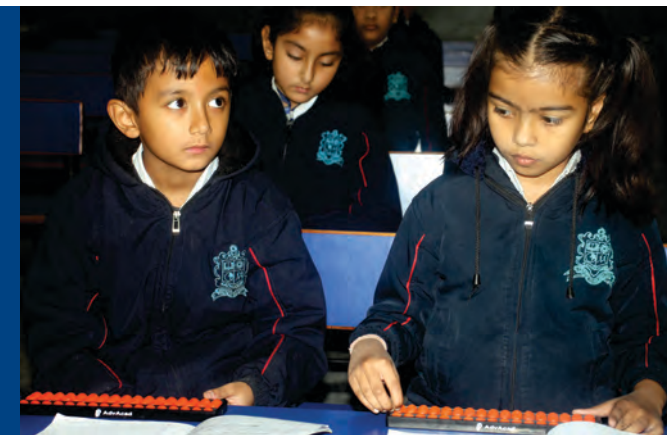

In a jet spaced era when technological developments rule the roost, we the educators cannot remain untouched by this huge advancement and change, infact in order to make education realistic and practical, introduction of new technology in schools is simply mandatory. We embark in a new internet voyage by way of portal system of e-care. It is an online management of school information along with online management-teachers-parents-

**The school makes extensive use of Audio-visual teaching aids including internet and multimedia.**

students communication system. Through this e-care service there is a direct contact between parents and school, thus monitoring and moulding the growth of students positively in era of virtual reality. This system bridges the gap between parents and child, school and parents by updating all about the school activities, syllabus as well as by detailing the academic and behavioral well being of the child.

With a little check and care we endeavor to make our students balanced humans beneficial for the society.

### Online Library

The school has a well-equipped library with over 5000 books on a variety of topics along with an online library that supports the digital age, provides information, and enhances reading at a click of a button. This online library can be accessed by clicking on the library link available on the website and their portals in the E-Care App. All this is available without any extra cost.

### Transport

The school owns a fleet of 12 buses will equipped with CCTV cameras and GPRS facility

The buses cover almost all the major residential areas of the . Door to Door pickup and drop facility is also available on some of the routes for pre-primary students.

A lady attendant accompanies the children mandatorily on all buses.

### Safety & Security

The campus is CCTV camera secured, with cameras installed in each classroom and every and corner of the building and playing area of the school is covered. Both the gates are manned by outsourced security personals fully equipped with metal detectors.

### Astropalhshala

Unlocking the mysteries of the universe, our Astropathshala offer students a hand-on experience

in astronomy. Through interactive sessions, sky observations.

and planetary studies, children develop scientific curiosity and a deeper understanding of space explormion.

### Comprehensive Assessments

Our school follows a well-structured assessment system designed to evaluate students holistically. These assessments focus on conceptual understanding, critical thinking, and application - based learning, ensuring well-rounded academic progress

### Abacus Training

To enhance mathematical proficiency and cognitive development, our Abacus program sharpens mental calculation skills, improves concentration, and boosts problem-solving abilities, laying a strong foundation for numerical literacy.

### Personality Development

Beyond academics, we emphasize the overall growth of students. Our Personality Development sessions help children build confidence, enhance communication skills, develop leadership qualities, and instill positive social behavior, preparing them for future success.

### French Language Program

Introducing students to a global language, our French program encourages linguistic diversity, improves cognitive flexibility, and provides cultural exposure, fostering a love for language learning and international communication.

**"Sports assist in building confidence, develop personalities and maintain mental and physical balance!"**

## Games & Sports

We believe that it is important for all students to continue with regular physical activity which, improves their flexibility and mobility, building up strength, stamina and self confidence so that students willingly participate in worthwhile activities at school and leisure pursuits in later life.

The school has introduced Sportathon- an activity based curriculum in sports for Nursery to class V. The equipments are age appropriate and colourful, specified for particular skill and meet all safety standards.

Along with academic training the school attaches special emphasis to physical, cultural and moral progress of the students. The school offers facilities for variety of games and sports like physical training, athletics, Chess, Table Tennis, Basketball, Cricket, Football, Kho-Kho and Badminton. Various interschool and interhouse sports activities are organized by school from time to time.

A new play station has been erected for Nur-V which help the children to develop Physical endurance while having fun filled activities.

## Co-curricular Activities

The word education today more than ever encompasses a world today beyond the confines of classroom. We at inspiration are acutely aware of rapidly changing scenario and therefore strive to provide to our pupils a multi faceted learning experience so that we produce a multidimensional individual, school thus provides students with quiz, recitation, extempore, speech, elocution, debate, fancy dress, drawing and poster making, handwriting and spelling competitions. "House system" of school functions as an effective instrument for development of the personality of the students. It furthers develops team spirit by involving students in variety of co - curricular activities. Value of dignity of labour and concern for environment is sought to be incorporated by self help activities that are great part and parcel of daily schedule of school. Picnics, Treks and Educational Tour are also organised from time to time.

# Rules & Regulations

## Promotion Criteria

The promotion of a student does not depend on the result of a single annual examination. To qualify for promotion a student must have attained the pass grade/standard in the subjects as set by CBSE.

If a student fails to qualify for promotion for two years in succession, he/she will be withdrawn from the school.

The Principal's decision in matters regarding placement and promotion of a student is final.

## Conduct & Discipline

The basis of discipline lies in the positive encouragement, praise and rewards for efforts, achievements and actions of pupils. High standards of behaviour manners and dress are expected at all times and are built on a solid foundation of mutual respect between staff and pupils and a curriculum that is well matched to the needs of the pupils.

The school feels strongly that children must learn the value of discipline. Once the parents entrust their child to our care, we expect the parents and child to follow the rules of the school.

Repeated acts of misconduct by a student and failure to respond to the disciplinary measures taken by the school authorities will lead to expulsion of the student concerned or his / her withdrawal being required by the Principal to safe guard the healthy atmosphere of the school from being violated.

## Use of Mobile

No student is allowed to carry mobile in the school. In case mobile is recovered from a child it will not be returned to him / her, it will be handed over to their parents after completion of three months with a penalty of Rs.2000/.

## Absence

As per examination Bye - Laws of the Board, it is essential for every student to complete 75% of attendance counted from the opening of class up to the first of the month preceding the month in which the examination commences.

Relevant extract of Rule 13.2 of the Examination Bye - Laws: - "No student from a school affiliated to the board shall be eligible to take the examination unless he / she has completed 75% of attendance counted from the opening of class IX / X / XI / XII up to the first of the month preceding the month in which the examination commences in the subjects of internal assessment."

## Accidents

Although the school takes all normal precautions, it does not take any responsibility for the accidents.

# Admission Information

- i) New admissions are given on the basis of availability of seats. Online portal for registration is available on the school website [www.inspirationschoolkgm.org](http://www.inspirationschoolkgm.org) from first week of February.
- ii) Admission to class L.K.G. to class IX and XI are based on the performance of the previous class result and interaction with child and parents.
- iii) In regard to admission of the child the decision of the Principal will be final.
- iv) The minimum eligibility for the admission in class Nursery as on 1st April should be 3 years complete.
- v) At the time of registration, a photocopy of

annual report card of previous school is to be submitted. No child will be admitted without submitting Transfer Certificate from last school attended.

- vi) At the time of admission following documents are to be submitted with Admission form:-
  - a) Birth certificate (attested copy)
  - b) Transfer certificate of last institution (original)
  - c) Latest Photograph - 2 (passport size)
  - d) Report card of previous school attended (photocopy)
  - e) Certified copy of the documents / certificate of category (if any).

# Withdrawals

- i) Should a parent, of his / her own accord decide against sending his / her ward to school after he / she has deposited the admission fee and registration fee to the school, he / she will not be entitled to refund either the admission fee or registration fee and would be liable to pay one months' tuition fee in lieu of the notice.
- ii) Disciplinary action will be taken against any student who is found to have used unfair means in the periodic test or examination and if the student concerned continue to repeat the offence he / she will be required to be withdrawn.
- iii) The transfer certificate will be issued to a student only after the parents have cleared all the dues to the school.

# Important

## FEES

- The school and other fee dues are to be paid before the 15th of every month. Payment made after 15th will invite fine as per fee schedule.
- If the fee is not paid for continuous two months re-admission fee will be charged as per fee schedule.
- Students' availing school bus facilities have to deposit bus charge for the whole session i.e. 12 months. No request for withdrawal of bus facility will be entertained in the middle of the session.

# UNDERTAKING FOR BUS SERVICE

- Parents are requested to drop their ward at bus stop in scheduled time. Thereafter, if student misses the bus, parents will be responsible to drop their ward to school.
- As seats are limited in each bus, so termination of bus facility during the session will not be permissible.
- Students will not be allowed to change bus routes or trips without any prior information to the Principal.
- Any address change must be intimated to the Principal by a written application.
- Students who avail of the bus facility will not be allowed to go with parents, kin, or friends. However, in genuine cases, he/she can be allowed after submitting a written application signed by the parents to the Principal.
- Any disruptive behavior in school buses will lead to the discontinuation of bus facility with immediate effect.
- Any disruptive behaviour in school bus may lead to discontinuation of Bus facility to the student concerned.
- Bus fee will be charged for the whole session i.e. 12 months.
- As there is no provision of bus service at the doorstep, parents should not compel the driver for the same.
- School doesn't provide pick and drop facility from narrow or single streets.
- Misbehaviour of parents with the school bus staff may lead to the withdrawal of bus services of their ward.
